

# Pantera

- Consistent performance
- Low maintenance
- Up to 1500 r.p.m. on loop pile

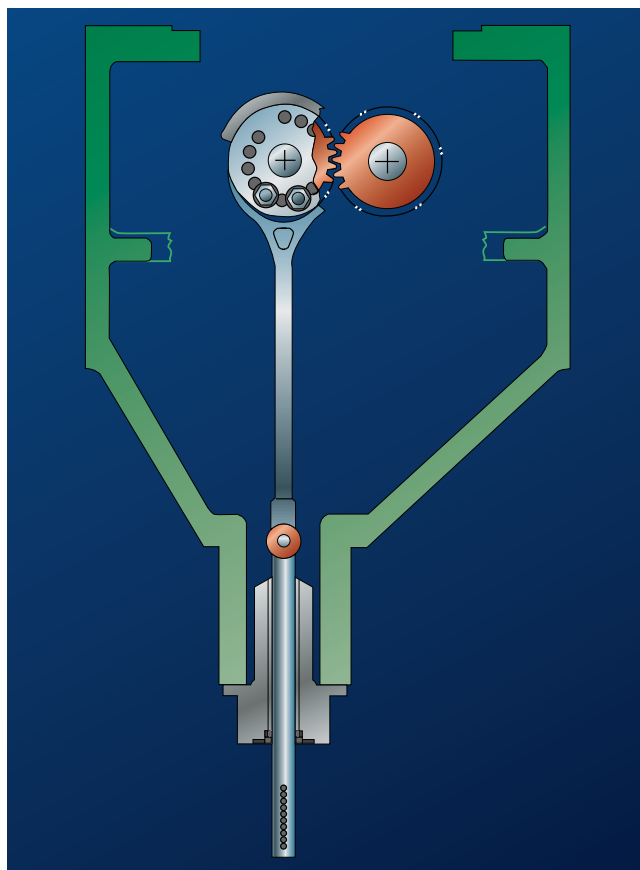

Pantera

The Pantera is a thoroughbred machine, which is utilised and relied upon worldwide. Customers consistently return to re-purchase a machine which is smooth running, offers low maintenance but also achieves high speeds. The consistent performance of the Pantera is built around the needlestroke eccentric which is located directly over the pushrod.

The Pantera is available in both low stroke and high stroke versions, handling from low level loop to 1 ¼ inch cut pile. As a guideline the machine operates up to 1500 r.p.m. on loop, and 1400 r.p.m. on cut piles.

Additionally, the Pantera is ideal for use in combination with a range of pattern attachments, such as Multi Roll, or Low Profile Scroll.

Pantera with multi-media panel.
